FLAIL MOWER BOLT+ SERIES

Worldtrac Bolt + Series Flail Mower is a versatile machine that comes with standard hydraulic Side Shift option. This compact yet reliable machine has outstanding features which makes it a perfect choice for small as well as professional mowing applications. This machine comes with cast iron gearbox and can easily tackle long grasses and brambles. It comes with an optional rotor with longer blades mounted on shackles to tackle dense, rocky & trashy areas. The shackle mounting provides easy movement of blades in all directions to avoid any damages and breakage. It comes with both options of Hammer & Y blades
