

GROOMING MOWER

SALIENT FEATURES

- Highly engineered & rugged gearbox with cooling fins
- Strongly built frame for working in tough conditions
- Twisted blades ensure high performance cutting
- Extra wide solid rubber tyres for durability and stability during operations
- Spacers for height adjustment and 360° free movement of tyres
- Rollover wheel to avoid damages and extra support
- Belt type-3 blades transmission with high quality alloy steel blades

GROOMING MOWER

Grooming or finishing mowers cut wide, open areas with ease, with functions designed especially for manicuring uneven farmland. These implements help in mowing sports fields, public areas, lawns, and other large areas that need to be manicured quickly without sacrificing performance.
