

ROTARY TILLER

HOBBY SERIES

SALIENT FEATURES

- Improved design to cover maximum width with minimum HP
- Stronger Hitch pyramid and lower links
- Smooth operation in different soil types
- Heavy duty durable seals
- Sturdy Rotor shaft
- Japanese Boron Steel blades

ROTARY TILLER HOBBY SERIES

Hobby series are built sturdy, for independent use with smaller HP tractors. The optimum size of machine makes it ideal to enter in row plantations along with tractor for having ease of working in intercultural operations and for quality pulverisation of hobby farms.

Hobby series tillers are compatible with small HP tractors up to 40 HP for light application and conditions. It covers more area of tillage with lesser HP resulting in higher productivity. Boron steel blades mulch through thick residue and create the ideal soil texture for planting.

TECHNICAL SPECIFICATIONS

 Model Name	 Size (in feet)	 Working Width (mm)	 Gear Box	 Side Transmission	 Types of Blades	 No of Blades	 Gear Box Overload Protection	 Weight (kg)	 Tractor Power (HP)
